Vaccines for Children Offered May 13th in Hayes Center

Hayes Center - Southwest Nebraska Public Health Department will be offering the Vaccines for Children program at Hayes Center Elementary School on Monday, May 13th from 4:00-5:00 p.m. This is a perfect opportunity for you to bring your incoming Kindergarten, 7th grade and college freshmen students for their required immunizations. Please schedule an appointment by calling 308-345-4223.

Vaccines for Children is a program that provides immunizations to eligible children, 18 years old and younger. Eligibility is defined as those who are Medicaid eligible, uninsured, underinsured (health insurance does not provide coverage for childhood immunizations), and/or American Indian or Alaska Natives.

“We are looking forward to getting students ready for school next year and May 13th is a great time to get your shots done,” states Melissa Propp, Public Health Nurse and VFC Clinic Coordinator for SWNPHD. “We enjoy working with Hayes Center Schools and will also be assisting with Kindergarten Round-Up on May 15th.”

Kindergarten students will need: DTap (Diphtheria, Tetanus and Pertussis), IPV (Polio) MMR (Measles, Mumps and Rubella) and VAR (Chickenpox).

7th Grade students will need: TDap (Tetanus, Diphtheria, Pertussis), Optional: HPV (Human Papillomavirus), MCV4 (Meningococcal) and if they have not had their second VAR (chickenpox) that will also be required.

College freshmen requirements vary by institution but typically require: TDap (Tetanus, Diphtheria, Pertussis), IPV (Polio), MMR (Measles, Mumps and Rubella), MCV4 (Meningococcal) and VAR (Chickenpox). Please confirm with your college on your required vaccines.

“If parents are planning to be in McCook, they can schedule their student shots during office hours of Monday-Friday, 8:30-4:00 p.m. by calling 308-345-4223,” explains Propp. SWNPHD is located at 404 West 10th Street, one block north of Arby’s.

Immunizations are one of the most effective and cost efficient ways to prevent disease. For every dollar spent on immunizations, it saves as much as \$29.00 in direct and indirect health costs. SWNPHD also provides adult immunizations and flu shots. We can bill Medicare and Blue Cross Blue Shield insurance.

More information on immunizations is available at www.swhealth.ne.gov and you can follow us on Facebook or Twitter. Southwest Nebraska Public Health Department serves Chase, Dundy, Frontier, Furnas, Hayes, Hitchcock, Perkins and Red Willow counties.
