Cambridge Senior Center West Nile Virus Presentation

Cambridge – Cambridge Senior Center will be hosting an informative presentation on West Nile Virus at Noon, Wednesday, August 22nd. Denise Ringenberg, Health Educator at Southwest Nebraska Public Health Department (SWNPHD) will present an update on the virus in mosquitos for this area and how to stay safe.

“Our message is to ‘Fight the Bite’ in preventing the West Nile Virus,” explained Denise. “We want to protect our residents in southwest Nebraska.”

Cambridge Senior Center Director, Margene Holtze and her board of directors are planning presentations during the Wednesday meal. “We want to share information that will help our friends make good decisions,” explained Margene. “Southwest Nebraska Public Health Department is a great resource on several topics and we plan to have them do additional presentations.”

The West Nile Virus presentation will begin at Noon and Margene encourages the public to also attend. If you have additional questions, please contact her at 308-697-4889. The Cambridge Senior Center is located at 604 Patterson Street.
