

Safe With You Workshop

In 2006, the Nebraska State Legislature passed LB 994, a bill requiring licensed child care providers to complete training that "shall be designed to meet the health, safety and developmental needs of children...and shall include information on sudden infant death syndrome, shaken baby syndrome and child abuse and neglect" (Nebraska State Statute 43-2606). Once the child care regulations are revised and disseminated, all licensed child care programs will need to meet these requirements. The Departments of Health and Human Services and Education, including the Early Childhood Training Center, have worked together to develop these courses:

Child Abuse and Neglect - It Could Happen to You (2 hours)

Child abuse and neglect unfortunately happens in Nebraska. Childcare providers need to know about child abuse and neglect, how to make a report, ways to strengthen families, and how to prevent child abuse in their own child care program.

Nothin' But Baby - Safe Sleep for Infants (1 hour)

Do you know how to reduce the risk of Sudden Infant Death Syndrome (SIDS) and prevent accidental suffocation? Do you know the safest way to put a baby to sleep? Do you have a safe sleep policy? If you answered NO to any of these questions, this workshop is for you.
